Dr. Adrienne Clancy applies her 30+ years of tried and true classroom techniques that create a safe and brave space for educators to strategize various arts integration methods that energize your class plans! As exemplified in her TEDx Talk, Dr. Clancy will address standards based P12 curriculum for core subject areas demonstrated through multiple learning styles: kinesthetic, visual, auditory, logical, social, emotional.

Let's move and groove, connecting and enhancing critical thinking and literacy skills, as we embrace 21st Century learning techniques through a lens of diversity, inclusion and equity.
